

2016 CIGNA STANDARD PRESCRIPTION DRUG LIST

Three-Tier Plan

This document represents a list of the most commonly prescribed medications covered under your plan, in an easy-to-read format. If you do not see a specific medication on this list, please check myCigna.com to see all of the medications covered under your plan.

Choosing the medication that is right for you is between you and your doctor. Every medication available on Cigna's prescription drug list has been approved by the U.S. Food and Drug Administration (FDA). If there is more than one medication appropriate for your condition, we encourage you to talk to your doctor about low cost medications like generics and preferred brands, as they will help to manage your prescription costs.

Your three-tier prescription drug list

A three-tier prescription drug list splits medications into three categories (or tiers):

1st Tier – Generic Medications have the same strength and active ingredients as the brand name – but often cost much less. You will usually pay less for generic medications under a three-tier plan. If one's available, you should consider switching to a generic to treat your condition.

Together, all the way.®

Offered by: Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, or their affiliates.

2nd Tier – Preferred Brand Medications will usually cost more than a generic, but may cost less than a non-preferred brand on a three-tier plan.

3rd Tier – Non-Preferred Brand Medications generally have generic alternatives and/or one or more preferred brand options within the same drug class. You will usually pay more for non-preferred medications on a three-tier plan.

Understanding Cigna’s prescription drug list

Every year Cigna updates this drug list to reflect any changes to the list of covered prescription drugs. Examples of changes that may impact you include brand name medications may change tiers or may no longer be covered. In addition, any new FDA approved drug product (including but not limited to medications, medical supplies or devices that are covered under standard pharmacy benefit plans) available in the marketplace will not be covered[^] for the first six months after the product receives FDA new drug approval. This document includes a summary of key changes made to common medications effective January 1, 2016.

Use the Prescription Drug Price Quote tool on **myCigna.com** to price a medication and see the lower cost options available to you at your selected retail pharmacy and Cigna Home Delivery Pharmacy. *Please note: this list is subject to change.*

[^]With limited exceptions, if your doctor feels currently covered medications aren’t right for you, he or she can ask Cigna to consider authorizing coverage of your medication.

The symbols on the list mean

If a medication on the list has one of the following symbols, your doctor may have to get an authorization (approval) for coverage of that medication.

- PA:** **Prior Authorization** may be required for different reasons. To learn the requirements needed for coverage of a specific medication, feel free to give us a call.
- QL:** **Quantity Limit** means you may have coverage for a limited amount of a specific medication.
- AGE:** **Age Requirement** means that a person must be within a specific age group for a specific medication to be covered.
- ST:** **Step Therapy** is a prior authorization program that requires you to try other medications available to treat the same condition before the medication with the “ST” is covered.

myCigna.com

Our customer website that can help you manage your prescription coverage:

When you visit **myCigna.com**, you can:

- › Look up the details of your specific pharmacy plan
- › View your drug list to research thousands of available medications
- › Compare medication prices using the Prescription Drug Price Quote tool
- › Ask a pharmacist questions
- › And much, much more!

Cigna Home Delivery Pharmacy

Cigna Home Delivery Pharmacy is designed for people who take prescription medications on a regular basis (including specialty medications). By choosing Cigna Home Delivery Pharmacy you can get:

- › Licensed pharmacists available to help 24/7
- › Up to a 90-day supply of your medications
- › Free, convenient delivery right to your home
- › **QuickFill**, our automatic refill reminder service
- › To get started, give us a call at **1.800.835.3784**

Save time with the convenience of Cigna Home Delivery Pharmacy

For more information, visit the Cigna Home Delivery Pharmacy page on **myCigna.com**.

Health care reform and you

The Patient Protection and Affordable Care Act (PPACA), commonly referred to as “health care reform,” was signed into law on March 23, 2010. Certain Preventive Medications (including some over the counter medications) may be available to you at no cost sharing. To get the most current information, visit **www.informedonreform.com** or **Cigna.com** and look for the Preventive Services section within the “Informed on Reform” link.

If you have questions

Please call the toll-free number on the back of your Cigna ID card. We’re here to help.

MEDICATIONS NOT COVERED ON YOUR DRUG LIST[^]

Your Cigna plan doesn't cover the medications listed below without prior approval from Cigna. This means that if you use any of these medications, you may have to pay the full cost of the medication at the pharmacy. Talk with your doctor to see which one of the covered generic or preferred brand alternatives listed in this drug list might be right for you.

CONDITION/COMMON USE/DRUG CLASS	MEDICATION NOT COVERED [^]	GENERIC AND/OR PREFERRED BRAND ALTERNATIVES
Antibiotics for Acne/Rosacea	Acticlate Adoxa Doryx Minocin (oral) Monodox Oracea Solodyn Vibramycin (capsule)	doxycycline doxycycline doxycycline minocycline doxycycline doxycycline minocycline doxycycline
Brands with Generic Available	Cymbalta Glumetza Lexapro Lipitor Prevacid Solutab Wellbutrin XL	duloxetine metformin, metformin ER escitalopram atorvastatin lansoprazole bupropion XL
Diabetes (insulin)	Toujeo Afrezza, Apidra	Lantus, Levemir Humalog, Humulin, Novolin, Novolog
Diabetes (non-insulin)	Glyxambi, Jentaduetto, Kazano, Nesina, Oseni, Tradjenta	Janumet, Janumet XR, Januvia, Kombiglyze XR, Onglyza
Diabetes (test strips)	AccuChek, Contour, Freestyle, all other test strips	OneTouch Ultra, OneTouch Verio
Growth Hormones	Genotropin, Norditropin, Nutropin, Omnitrope, Zomacton	Humatrope, Saizen
Infertility	Bravelle, Gonal-F	Follistim AQ
Multiple Sclerosis (beta 1b interferons)	Betaseron	Extavia (non-preferred co-payment applies)
Pain Relief and Inflammatory Disease (anti-inflammatory combination products)	Duexis, Vimovo	celecoxib, meloxicam
Testosterone Replacement	Axiron, Fortesta, Natesto, Testim, Vogelxo	Androgel, testosterone gel

[^] This drug is not covered on your plan. Please talk to your doctor about switching to an alternative. Your prescription drug plan requires approval by Cigna to have this medication covered.

EXCLUSIONS & LIMITATIONS

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

Plans typically do not provide coverage for the following, except as required by law or by the terms of your specific plan:

1. Any medications available over-the-counter (OTC) that do not require a prescription by federal or state law, and any medication that is a pharmaceutical alternative to an OTC medication other than insulin [examples include OTC Benadryl, Maalox, Sudafed PE, etc.].
2. Medications that are therapeutically equivalent as determined by the Cigna HealthCare Pharmacy and Therapeutics Committee in which at least one of the medications within the class is available over the counter [examples include Rx equivalents to OTC Allegra, Claritin and Zyrtec (Allegra D, Clarinex, Xyzal) and Rx equivalents to OTC Prevacid, Prilosec and Zantac (Aciphex, Kapidex, Nexium, Axid, Pepsid, Zantac)].
3. Any injectable infertility medications, and any injectable medications that require health care professional supervision and are not typically considered self-administered medications. The following are examples of health care professional-supervised medications: injectables used to treat hemophilia and RSV (respiratory syncytial virus), chemotherapy injectables and endocrine and metabolic agents.
4. Any medications that are experimental or investigational within the meaning set forth in the summary plan description.
5. Food and Drug Administration (FDA) approved medications used for purposes other than those approved by the FDA unless the medication is recognized for the treatment of the particular indication in one of the standard reference compendia (The United States Pharmacopoeia Drug Information or The American Hospital Formulary Service Drug Information) or in medical literature. Medical literature means scientific studies published in a peer-reviewed national professional medical journal.
6. Any prescription and non-prescription supplies (such as ostomy supplies), devices and appliances.
7. Any contraceptive medications and prescription appliances for contraception.
8. Implantable contraceptive products.
9. Any fertility medication.
10. Any medications used for treatment of sexual dysfunction, including but not limited to erectile dysfunction, delayed ejaculation, anorgasmia and decreased libido.
11. Any prescription vitamins (other than prenatal vitamins), dietary supplements and fluoride products.
12. Medications used for cosmetic purposes, such as medications used to reduce wrinkles, medications to promote hair growth, medications used to control perspiration and fade cream products.
13. Any diet pills or appetite suppressants (anorectics).
14. Prescription smoking cessation products.
15. Immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis (the prevention of travel-related diseases).

16. Replacement of prescription medications and related supplies due to loss or theft.
17. Medications used to enhance athletic performance.
18. Medications that are to be taken by, or administered to, a customer while the customer is a patient in a licensed hospital, skilled nursing facility, rest home or similar institution which operates on its premises, or allows to be operated on its premises, a facility for dispensing pharmaceuticals.
19. Prescriptions more than one year from the original date of issue.

In accordance with Texas and Louisiana state law, customers with affected benefit plans who receive coverage for medications that are removed from the prescription drug list during the plan year will continue to have those medications covered at the same benefit level until their plan renewal date. To find out if these state mandates apply to your plan, please call Customer Service.

Cigna reserves the right to make changes to the Standard Prescription Drug List without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company (CHLIC), Connecticut General Life Insurance Company (CGLIC), Tel-Drug, Inc., Tel-Drug of Pennsylvania, L.L.C., and HMO or service company subsidiaries of Cigna Health Corporation, including Cigna HealthCare of Arizona, Inc., Cigna HealthCare of California, Inc., Cigna HealthCare of Colorado, Inc., Cigna HealthCare of Connecticut, Inc., Cigna HealthCare of Florida, Inc., Cigna HealthCare of Georgia, Inc., Cigna HealthCare of Illinois, Inc., Cigna HealthCare of Indiana, Inc., Cigna HealthCare of St. Louis, Inc., Cigna HealthCare of North Carolina, Inc., Cigna HealthCare of New Jersey, Inc., Cigna HealthCare of South Carolina, Inc., Cigna HealthCare of Tennessee, Inc., and Cigna HealthCare of Texas, Inc.
