

Connect + Apple Health

Integrated Member Experience

CONNECTING WITH APPLE HEALTH

Viverae Connect 2.0 integrates Apple Health – an application that consolidates health data from the iPhone and Apple Watch to help you track your activity, making Connect more convenient than ever before.

Syncing an Apple device to the Connect platform allows you to easily view your activity data in one place, plus **seamlessly tracks your step data in SchoolCare's Good For You! 250K Step Movement challenge!**

GET CONNECTED & GET MOVING:

Sync your iPhone or Apple Watch to get moving! Not sure where the Apple Health app is located? Swipe your iPhone as far left as you can and search “Health” in the search bar. Follow the steps below to connect your Apple device:

1. If you have not done so, download the **Viverae App** and login using your username and password.
2. Once logged in, hit the **menu button** (purple circle with small squares) and select the **person icon** on your right.
3. Scroll across the top to “**Apps & Devices**”
4. Click on the “+” located to your right
5. Select **Apple Health > Turn All Categories On***

Menu Button

Person Icon

*Steps and Active Minutes are the only categories Viverae tracks
